Dartmouth College has provided LinkedIn tutorials for all students and faculty.

In your browser, go to https://www.linkedin.com/learning and in the upper right click on the “Sign In” button.

In the next window, sign in with your Dartmouth email address.

As Dartmouth College has an account with LinkedIn, you will be asked to “Sign in with Single Sign-On”; click that button and then continue to sign in via Duo.

Having completed that, you should now have access to the vast suite of tutorials at LinkedIn Learning. Use the search window to type in what topic or specific lesson you are looking for.

You will be able to keep track of your lessons by clicking on the My Learning tab at the top right of your browser.
